

INVESTIGATOR'S CURRICULUM VITAE

1. Name

First name: Carlo	Last name: Torrizza
----------------------	------------------------

2. Present Position with Work Address

Position: Medical Manager	Street address or postal address: Via Palagi, 9
Name of institution or organization: Azienda Ospedaliero-Universitaria Policlinico S.Orsola Malpighi, Dipartimento Testa, collo e organi di senso, U.O.Oftalmologia "Ciardella"	City & postal/zip code: 40138 Bologna
Start date (at least year): Oct 2009	Country: Italy

3. Main University Degree(s)

Name of university/institute: Università degli Studi di Cagliari	Degree awarded: Medicine and Surgery
City & country: Cagliari, Italy	Year of graduation: 1990
Name of university/institute: Università degli Studi di Sassari	Degree awarded: Specialist in Ophthalmology
City & country: Sassari, Italy	Year of graduation: 1994

4. Professional Training

Name of university/institute: Università degli Studi di Sassari	City & country: Sassari
Qualification: Specialist in Ophthalmology	Dates of attendance: 1994

5. Registration/Medical License number (where applicable)

Number: 6111 (Albo dei Medici di Cagliari)

6. Previous Appointments

Position: Medical Manager	Dates: 09/2008-09/2009
Institution/organization: Azienda Ospedaliero Universitaria di Bologna – Policlinico Sant'Orsola Malpighi	City & country: Bologna, Italy
Position: Medical Manager	Dates: 03/2004-09/2008
Institution/organization: Azienda Ospedaliero Universitaria San Giovanni di Dio, Cagliari	City & country: Cagliari
Position: Medical Manager	Dates: 06/2002-12/2002
Institution/organization: Azienda Ospedaliera "G. Salvini" - Ravenna	City & country: Ravenna, Italy

INVESTIGATOR'S CURRICULUM VITAE

Position: Assistent	Dates: 11/2001-05/2002
Institution/organization: Istituto clinico Humanitas di Rozzano (MI)	City & country: Milano, Itale
Position: Medical Manager	Dates: 08/1999-03/2002
Institution/organization: Ospedale Caduti Bollatesi - Milano	City & country: Milano, Italy
Position: Fellow	Dates: 09/1999
Institution/organization: Uxbridge Hospital London UK	City & country: London UK
Position: S.H.O.	Dates: 12/1998-02/1999
Institution/organization: Kent & Canterbury Hospital	City & country: Kent Canterbury, UK
Position: Medical Manager	Dates: 12/1997-07/1998
Institution/organization: Ospedale Caduti Bollatesi - Milano	City & country: Milano, Italy
Position: Researcher	Dates: 1994-1996
Institution/organization: Clinica Oculistica dell'Università degli Studi di Milano	City & country: Milano, Italy
Position: Observer	Dates: 11/1992-01/1993
Institution/organization: Moorfield Eye Hospital	City & country: London, UK

INVESTIGATOR'S CURRICULUM VITAE

7. Clinical Research Experience (append publication list if available)

"Schisi-Distacco" con interessamento maculare.

Sorcinelli R., Frongia T., Mostallino M., Torrazza C.
Clinica oculistica e patologia oculare Anno XIII N° 1 gen.-feb. 1992 pg.22-24

- Vitrectomia via pars plana nel trattamento della " Schisi-Distacco" con larga rottura dello strato esterno. R. Sorcinelli, T. Frongia, M. Mostallino, C. Torrazza.

Atti della Fondazione Giorgio Ronchi .Anno XLVII, N 1 gen- feb. 1992 pg. 75-77

- Estrazione extracapsulare di cataratti dopo intervento di distacco di retina.

R. Sorcinelli, M. De Luca, S. Rizzo, P.L. Fava, G. Fornaro, C. Torrazza:
Atti della Fondazione Giorgio Ronchi. Anno XLVII, N 3 mag.-giu. 1992 pg.393-396

-Intervento di cataratta e terapia anticoagulante e aggregante.R. Sorcinelli, G. Scano, C. Torrazza. Atti della Fondazione Giorgio Ronchi. Anno XLVII, N 3 mag.-giu. 1992 pg.389-391

-Neovascolarizzazione retinica in pazienti con sclerosi multipla.

L. Barca, S. Rizzo, P. L. Fava, L. Baldeschi, C. Torrazza.
Annali di Ottalmologia e Clinica Oculistica.Vol. CXIX N° 2 feb. 1992 pg.133-138

-Distacco di retina nello pseudofachico

S. Rizzo, A. Ciardella, C. Torrazza, L. Baldeschi, A. Cau, M. Palla.
Atti Cong. S.T.U.E.M.O. Forte dei Marmi 25 sett.1993 pg 91-105

-La Facoemulsificazione

N. Orzalesi, C. Torrazza, L. Rossetti, A. Autelitano, G. Staurenghi, F. Nizzola.
Atti della Società Oftalmologica Lombarda; 49; pg 55-66, 1994

-Effectiveness of diclofenac in treating postop. ocular inflammation and in reducing the occurrence of pseudophakic CME

Orzalesi N., Rossetti L., Torrazza C., Autelitano A.
Experimental Eye Research. Vol. 59 Supplement 1 Nov. 1994 Abstract n 57 pg.19

-Evaluation of multifocal IOLs after phacoemulsification.

Rossetti L., Torrazza C., Autelitano A., Orzalesi N.
Experimental Eye Research. Vol. 59 Supplement 1 Nov. 1994 Abstract n 57 pg.19

-Efficacia del diclofenac collirio nel ridurre la flogosi post-operatoria e l'incidenza dell'edema maculare cistoide dopo intervento di cataratta.

L. Rossetti, E. Bujtar, D. Castoldi, N. Orzalesi, C. Torrazza.
Atti del LXXIV congresso della S.O.I. Roma, 17-20 novembre 1994 pg. 241-247

-Curve ROC nella relazione tra indici perimetrici ed identificazione dei difetti delle fibre nervose retiniche del glaucoma cronico semplice.

S. Miglior, L. Rossetti, E. Bujtar, L. Brigatti, C. Lonati, C. Torrazza, N. Orzalesi.
Bollettino di Oculistica. Anno 74 Supplemento N° 2 1995 pg. 209-217

-Correlazione tra morfometria della papilla ottica e i difetti dello strato delle fibre nervose retiniche nel glaucoma cronico semplice.

N. Orzalesi S. Miglior, L. Rossetti, C. Lonati, E. Bujtar, C. Pierrotet, C. Torrazza.
Bollettino di Oculistica. Anno 74 Supplemento N° 2 1995 pg.271-276

-La morfologia papillare mediante oftalmoscopia a scansione laser

L. Rossetti, S. Miglior, C. Lonati, C. Torrazza, E. Bujtar, N. Orzalesi
Bollettino di Oculistica. Anno 74 Supplemento N° 2 1995 pg.403-412

-Topographic analysis of induced changes in corneal astigmatism after phacoemulsification.

Nizzola F., Rossetti L., Torrazza C., Matzoli S., Orzalesi N.
Invest. Ophthalm. & Visual Science. March 15, 1995 Vol 36, N°4 pg 42

-Effectiveness of diclofenac eyedrops in reducing postoperative inflammation and angiographic CME after cataract surgery.

Torrazza C., Rossetti L., Castoldi D., Bujtar E., Orzalesi N.
Invest. Ophthalm. & Visual Science. March 15, 1995 Vol 36, N°4 pg 812

-Evaluation of 5 different incisions for phacoemulsification: follow-up of surgically induced astigmatism

Rossetti L., Nizzola F., Torrazza C., Orzalesi N.
Invest. Ophthalm. & Visual Science. Feb.15, 1996 Vol 37, N°3 pg 588

-Diclofenac VS indomethacin in reducing postoperative inflammation. A randomized clinical trial.

Torrazza C., Rossetti L., Nizzola F., Lomboni E., Orzalesi N.
Invest. Ophthalm. & Visual Science. Feb.15, 1996 Vol 37, N°3 pg 1119

-Effectiveness of diclofenac eyedrops in reducing inflammation and the incidence of cystoid macular edema after cataract surgery

Rossetti L., Bujtar E., Castoldi D., Torrazza C., Orzalesi N.
J. Cataract Refract. Surg. Vol 22, supplement 1996 pg. 794-799

-THERMAL DEFORMATION OF CHANDELIER ENDOILLUMINATION PROBES EXPOSED TO UVEAL TISSUE AND BLOOD. - A Spectral-Domain Optical Coherence Tomography Description of MD: YAG Laser Hyaloidotomy in Premacular Subhyaloid Hemorrhage.

INVESTIGATOR'S CURRICULUM VITAE

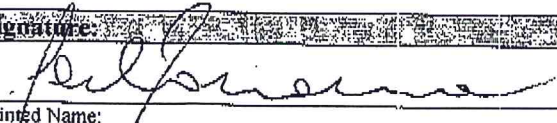

Clinical Trials Experiences:

- 1) "A 24-month, phase IIIb, open-label, single arm, multicenter study assessing the efficacy and safety of an individualized, stabilization criteria-driven PRN dosing regimen with 0.5-mg ranibizumab intravitreal injections applied as monotherapy in patients with visual impairment due to macular edema secondary to central retinal vein occlusion (CRVO)."
- 2) "A 24-month, phase IIIb, open-label, randomized, active-controlled, 3-arm, multicenter study assessing the efficacy and safety of an individualized, stabilization-criteria-driven PRN dosing regimen with 0.5-mg ranibizumab intravitreal injections applied as monotherapy or with adjunctive laser photocoagulation in comparison to laser photocoagulation in patients with visual impairment due to macular edema secondary to branch retinal vein occlusion (BRVO)."
- 3) "A Phase III, Multinational, Multicenter, Randomized, Double-Masked, Study Assessing the Safety and Efficacy of Intravitreal Injections of DE-109 (three doses) for the Treatment of active, Non-Infectious Uveitis of the Posterior Segment of the eye."
- 4) "A Multicenter Study of the Efficacy and Safety of the Human Anti-TNF Monoclonal Antibody Adalimumab as Maintenance Therapy in Subjects Requiring High Dose Corticosteroids for Active Non-infectious Intermediate-, Posterior-, or Pan-uveitis"
- 5) "A Multicenter Study of the Efficacy and Safety of the Human Anti-TNF Monoclonal Antibody Adalimumab in Subjects With Inactive Non-infectious Intermediate-, Posterior-, or Pan-uveitis"
- 6) "A Multicenter Open-Label Study of the Long-term Safety and Efficacy of the Human Anti-TNF Monoclonal Antibody Adalimumab in Subjects With Non-infectious Intermediate-, Posterior-, or Pan-uveitis"
- 7) "A 12 months, prospective, multicenter, open-label, single arm interventional study assessing the safety and tolerability of 0.5 mg ranibizumab in mono/bilateral wet AMD patients in eyes with BCVA below 2/10 and/or second affected eye."
- 8) "A 12-month, open-label, interventional, multicentre study to investigate the current criteria driving re-treatment with ranibizumab upon relapse in patients with visual impairment due to choroidal neovascularization secondary to pathologic myopia."
- 10) "A phase III randomized, double-masked, controlled trial to establish the safety and efficacy of intravitreal administration of Fovista (anti PDGF-B pegylated aptamer) administered in combination with Lucentis compared to Lucentis monotherapy in subjects with subfoveal neovascular age-related macular degeneration."

8. Good Clinical Practice (GCP) Training

Yes <input checked="" type="checkbox"/>	Please specify: GCP performed during previous clinical trial (the last one on 27/Sep/2017)
No <input type="checkbox"/>
